Biography:

Juny Op de Beeck has been working at Infrabel as Project Manager Communication since 2012. After having worked as Resident & Local Affairs Advisor, she is currently responsible for the overall management of her company's safety awareness campaigns. She oversaw the creation and the production of Infrabel's latest campaigns on trespassing and safety at level crossings in Belgium.

Title of presentation:

Rail Safety Awareness Campaign in the Port of Antwerp - Dec. 2018

Summary:

Approximately 1 in 3 level crossing accidents in Belgium occur in portuary areas. In 87% of cases, drivers failed to stop at red signals. In December 2018, Infrabel launched a campaign that targeted truck drivers operating in the Port of Antwerp (1,100 km of railway line/201 level crossings).

At a level crossing too... red = STOP
